AMENDMENT

In response to the office action of March 3, 2005, applicants respectfully request the examiner to enter the following amendment and to consider the accompanying remarks. In particular, applicants request the examiner to note that the primary reference upon which the examiner relies to reject the remaining claims, Doczy et al., cannot support a rejection under 35 U.S.C. §103(a) because both Doczy et al. and the pending application were, at the time the

invention was made, subject to an obligation of assignment to the same entity.

The examiner should further note that the claimed methods cannot be reconstructed by combining various features from the other cited references. For those reasons, applicants respectfully request the examiner to allow pending claims 9-16 to issue.
